### **Blueberry & Coffee Bean Exfoliating Cleanser**

*With Resveratrol & Enzymes of Papaya*

### **Papaya Creme Enzyme Polish**

*Extremely gentle*

Refresh your delicate skin. The special Linked Papain enzyme incorporated in this formula exfoliates and digests dead skin cells that can clog pores. Essential oils in this creamy polish help eliminate bacteria and refresh the senses. The cleansing ingredients are extremely mild and used mainly in baby products. Sugar in this formula has an exfoliating function. Lactic acid is also added to this formula. Sodium Cocoyl Glutamate (often called "Baby surfactant") is an amino acid based surfactant. It does not dry out the skin and leaves the skin feeling moisturized. Extremely hypoallergenic and mild cleansing.

### **Microdermabrasion Crème \***

*With delicate micro crystals*

This gentle creme will maintain a smooth surface to help refine and reduce wrinkles, problem blemished skin, and scarring. This creme can also be used to exfoliate arms, legs, elbows, knees and hands for a smoother texture to areas that are exposed to harsh environment such as extreme heat or cold weather.
